

Core Capabilities

AST provides comprehensive and integrated services to our clients including:

- ☆ Systems engineering and integration
- ☆ Live-Virtual-Constructive (LVC) training domain support
- ☆ Conduct of simulation driven exercises and analytical studies pertaining to combat operations and homeland defense
- ☆ Multi-Service Systems Training Aids, Devices, Simulators, and Simulations (TADSS) development and support services
- ☆ Combat Training Center (CTC) range operations infrastructure support including construction, refurbishment, and deconstruction of communication towers and supporting equipment, antenna installation, communications cabling, and fiber optic backbone upgrades

Past Performance/Experience

- Have been supporting PEO STRI systems since 1992 prior to establishment of STRICOM in 1994
- Possess extensive qualifications and past performance in model-based studies and analyses of military weapon systems and processes - specifically:
 - TRADOC Analysis Centers (TRAC) Leavenworth and White Sands Missile Range
- Provided training and technical support for:
 - Air Force: AWACS, SAM/STM
 - Navy: NETPDT, NAWCTSD
 - Army: ARNG DBSP, CECOM, SOCOM, FORSCOM/USARC MCTCs
- Provided software development support for FAMSIMs, CCTT, GCTT, EPiCS, OneSAF, Combat XXI, and WARSIM

Differentiators

- SBA Certified HUBZone and SDVOSB
- Headquartered in Lawton, OK
- Southeast Regional Office (Orlando, FL) supporting PEO-STRICOM in LVC training domains for over 30 years
- 39 + years combined support to Department of Defense (DoD) as a Prime and Subcontractor
- Small Business under NAICS listed below
- Defense Contract Audit Agency (DCAA) compliant cost accounting system
- Registered with the System for Award Management (SAM)
- CMMC Level 1 Certified

About AST

Advanced Systems Technology, Inc. (AST) delivers valued services to Department of Defense (DOD) customers in support of their most critical missions. With over 39 years of experience, AST provides training, training aids, devices, simulators and simulations (TADSS) support as well as the related logistics, range operations and infrastructure support to DOD agencies. Our capabilities extend beyond the training domain to those necessary to effectively develop, deploy, and provide fielded systems support to meet modern warfighter requirements.

Pertinent Data

- Socio-Economic:

- UEID: NL2HVM3GT741
- Cage Code: 3J515
- Primary NAICS: 333310, 336611, 481211, 488111, 488190, 488999, 492110, 493120, 518210, 541330, 541360, 541511, 541512, 541513, 541519, 541611, 541614, 541990, 561210, 611430, 611512

Prime Contracts

- **PRIME:** One Acquisition Solution for Integrated Services - Plus (OASIS +) awarded by GSA. OASIS + is a 10 year MA/IDIQ. Prime under the Technical and Engineering (T&E) domain for Total Small Business and HUBZone, and the Logistics (LOG) domain for HUBZone.

Sub-Contracts

- **SUB:** Warfighter Training Readiness Solutions (WTRS) via V2X, awarded by GSA. WTRS will focus on TADSS related maintenance, training, and services. This includes, but not limited to, TADSS maintenance, Synthetic Training Environment (STE) maintenance, Test & Evaluation support, instructor/operators (I/O), TADSS New Equipment Training (NET), Training Support Center (TSC) operations support/warehouse operations, Live, Virtual, Constructive (LVC) mission command support, Foreign Military Sales (FMS) TADSS maintenance, training exercise support, training network support, range operations support, and leader training program support.
- **SUB:** National Training Center Training Support Contract (NTCTSC) via V2X, Inc. The NTCTS contract provides mission support for training operations at the NTC providing advisory services, technical expertise and systems operators. Providing Training and Analysis Feedback Facility (TAFF) support in the Wolf and Tarantula TAFF's.
- **SUB:** Fires Centers of Excellence (FCoE) via Yorktown Systems Group. Thirteen (13) task orders in support of the Fires Center of Excellence; to develop and produce training strategies, doctrine, concepts, instruction and products for the current and future force.
- **SUB:** Support of Sheppard Aircraft Maintenance (SAM) - Sheppard Air Force Base, via M1 Support Services. This support provides Fleet Management & Aircraft Maintenance for the 80th Fighter Training Wing (FTW) Euro-North Atlantic Treaty Organization (NATO), Joint Jet Pilot Training (ENJJPT) Program (SAM)
- **SUB:** Support of Sheppard Training Maintenance (STM) - Sheppard Air Force Base, via M1 Support Services. Trainer Maintenance Services for Ground Instructional Aircraft, Static Display Aircraft, Support Equipment and Aerospace Ground Equipment and Munitions Storage (STM).
- **SUB:** Personnel and Readiness Infrastructure Support Management (PRISM) contract via CATHEXIS. PRISM will provide the OUSD Personnel & Readiness (P&R), its Directorates and Strategic Partners with innovative and cost-effective services that incorporate industry best practices to meet the demands associated with a dynamic global threat and security environment.
